Health Center Program Strategy

Increase Access

Increase

Program Goals

- Increase number of patients served
- Increase percent of patients served in existing service areas
- Increase percent of low income communities served by health centers

42 percent increase in patients served since 2008

Over 1,100 New Access Points since 2009, including \$270 million in FY 2015 for 430 awards

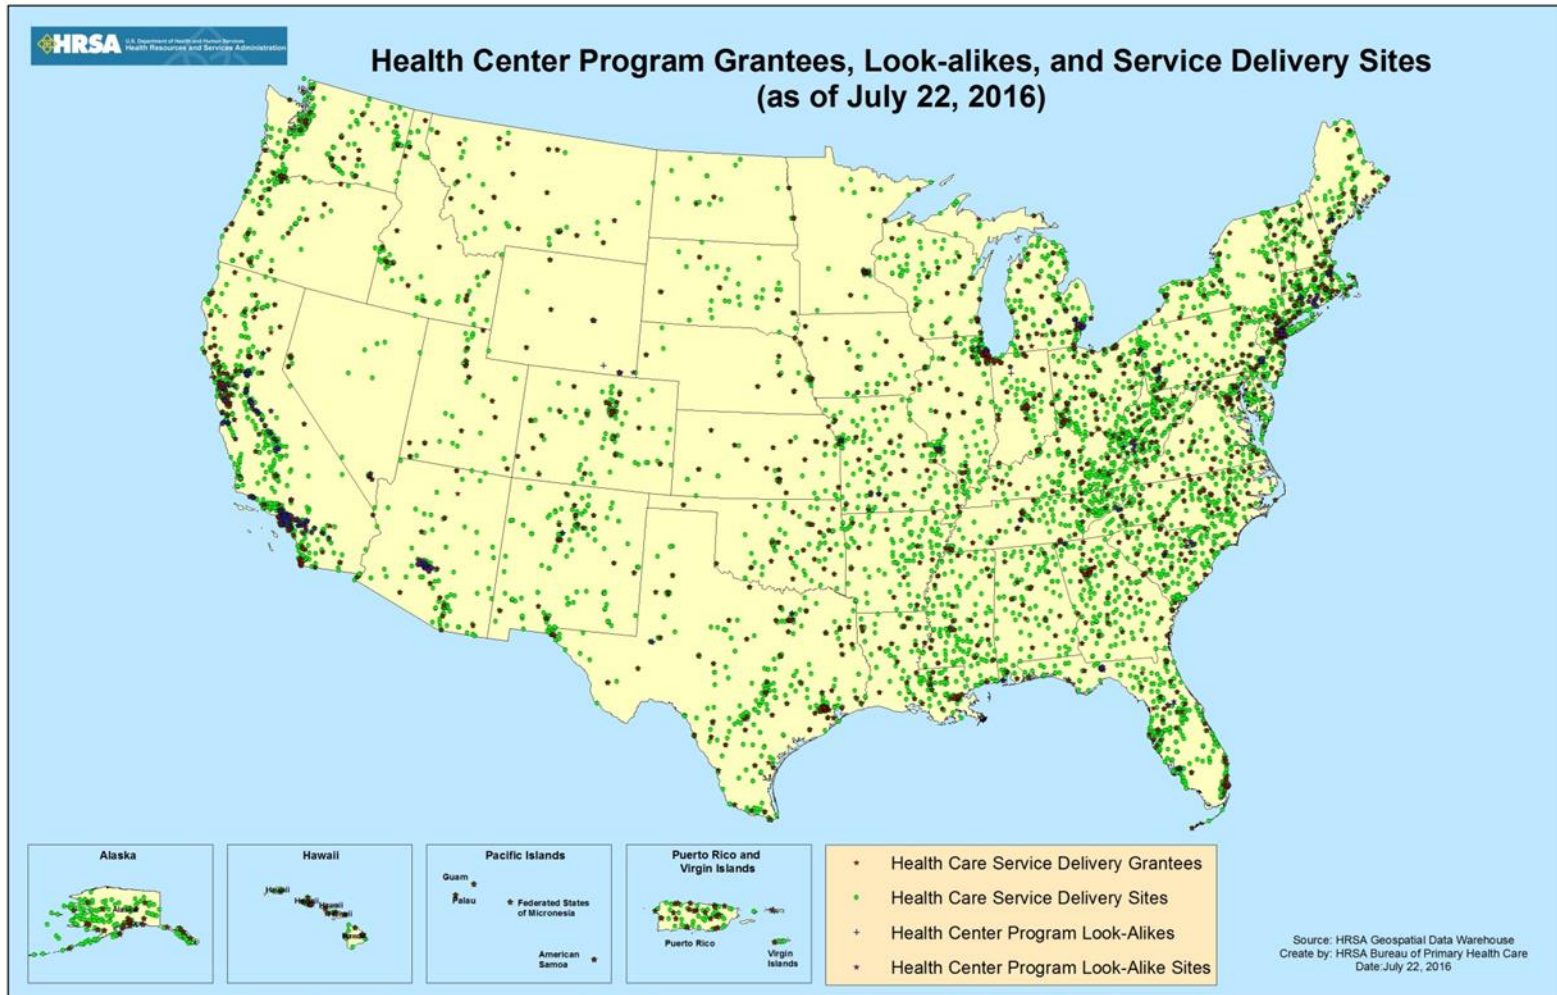

68 percent of health centers increased patients from 2014 to 2015

Over 18 million assisted under Outreach and Enrollment

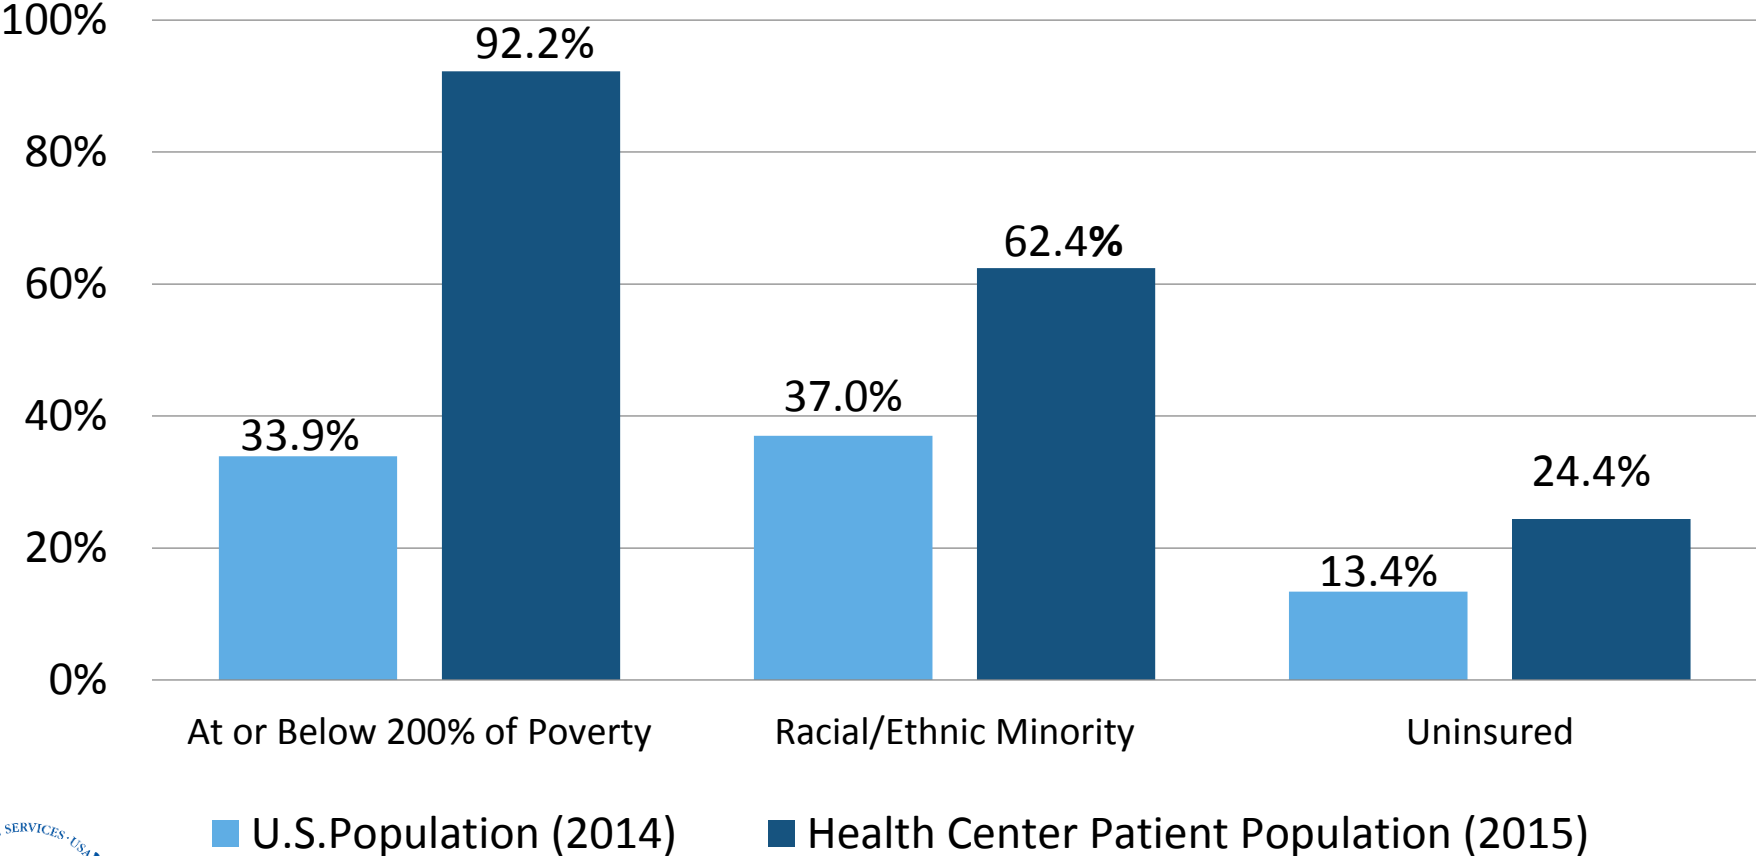

Increase Access National Presence

Increase Access

National Impact

Health Centers Serve a High Proportion of Low-Income, Minority and Uninsured Patients

Source: Uniform Data System, 2015. *National Data:* U.S. Census Bureau, 2014 Current Population Survey Annual Social and Economic Supplement; Health Insurance Coverage in the United States: 2013.

Uniform Data System (UDS)

- Starting in 2014, UDS requires all HRSA Health Center Program Grantees/Look-Alike Health Centers to report the total number of patients known to reside in public housing or immediately accessible to public housing (report to line 26, table 4).
- “Location-Based” approach means counting those served at a health center that **is located in or immediately accessible to a public housing site.**
- The National Center for Health in Public Housing provides TA on UDS.
- Community Health Partners for Sustainability, another BPHC-supported TA provider, has many TA offerings for this “Location-Based” reporting on line 26, table 4 (Webinar, FAQ, 1-pager).

BPHC Program Updates

- Delivery System Health Information Investment Funding- \$87 Million
-**September 15, 2016**
- Health Center Compliance Manual
-Open now for 90 days of public comment- accepted until
November 22, 2016
- Change in Scope (CIS) Process Update
-BPHC is making improvements to streamline the CIS process
-Change in Scope (CIS) checklist target date is **November 2016**
- New Access Point Funding Opportunity
-Anticipated award date on or about **January 1, 2017**

HRSA Investments in Region V

HRSA
